

Product information

Applications

Triflex Stone Design S is used to create the surface variant Triflex Stone Design.

Properties

High-quality, colorfast and naturally quarried special aggregates without coloring.

- Type A: marble gravel, grain size 1–4 mm
- Type C: granite gravel, grain size 2–4 mm

Pack size

Sack

25.00 kg Triflex Stone Design S

Colours

Type A: marble gravel, grain size 1–4 mm:

Colour of Triflex Stone Design S	Colour for finish and details
S100 Giallo Sienna A	2053 Amber 02
S200 Breccia Pernice A	2053 Amber 02
S300 Rosso Verona A	8054 Agate 04
S700 Bardiglio A	7035 Quartz 01
S800 Marrone A	8081 Ruby 01
S900 Ice Blue A	7037 Slate 02

Type C: granite gravel, grain size 2–4 mm:

Colour of Triflex Stone Design S	Colour for finish and details
GS153 Tuscany	2053 Amber 02
GS753 Iceland	7043 Slate 03
GS853 Brittany	3091 Ruby 04

The recommended substrate colour is created with Triflex Cryl Finish 205.

Storage

Store in a cool, dry place above freezing.

Conditions for use

See Triflex Stone Design R 1K product information.

Preparation of the substrate

The substrate must be sound, dry and free of loose or adhesion-reducing particles. Possible unevenness of the surface must be smoothed out. Ensure that the surface has a minimum gradient of 2 % and avoid standing water. Ensure that structural measures are taken to prevent moisture penetration from underneath. Substrate adhesion must be tested on a case-by-case basis.

Mixing instructions

The Triflex Stone Design S special aggregate must be dry and free of residual moisture before starting the mixing process. The stones are mixed with the binder Triflex Stone Design R 1K.

See Triflex Stone Design R 1K product information.

Important note:

Triflex Stone Design S is a natural product. There may be colour variations between individual sacks. The sacks must be checked and, if necessary, mixed with one another before use on the construction site.

Material consumption

On a smooth, even surface at a layer thickness of approx. 8 mm:

	Type A: marble gravel, grain size 1–4 mm	Type C: granite gravel, grain size 2–4 mm
Triflex Stone Design R 1K	0.80 kg/m ²	0.80 kg/m ²
Triflex Stone Design S	14.40 kg/m ²	14.40 kg/m ²

General notes

We guarantee the consistently high quality of our products. Non-Triflex products must not be used with Triflex systems.

The advice we give in relation to the application of our products is based on extensive development and many years of experience, and is correct to the best of our knowledge. Given the multitude of on-site requirements, under the most varied of conditions, the user is required to test the product's suitability for its respective purpose. Technical information is subject to change without notice in the interests of technical advancement or enhancement of our products.
